

Homeschool STEM Programming

What we provide:

- Opportunities for your student(s) to engage with other homeschool students through STEM classes.
- Engagement with robotics and coding.
- Hands-on activities aligned to multiple homeschool curricula.
- STEM Boxes for fun hands-on learning at home.
- Summer camps to continue engagement throughout the summer months.

What students gain through STEM Education

- ✓ Students learn about coding, engineering, problem solving, literacy, and mathematics.
- ✓ Students will be able to work collaboratively and grow their interpersonal skills through positive peer encounters
- ✓ Students get to be creative and learn through the engineering design process.
- ✓ Students will be able to utilize what they learn in all content areas throughout their life.
